

15th Prague Workshop on Catheter Ablation

with Live Demonstrations

PROGRAM

Sunday, March 18, 2012

- 08:30-09:30 Registration
- 09:30-09:45 **Welcome address**
J Kautzner, Prague
- 09:45-10:15 Review of Cases from 2011
D Grieco, Prague
- 10:15-11:30 **Catheter ablation of cardiac arrhythmias: more than two decades of development**
Chairs: J Kautzner (Prague), R Hatala (Bratislava)
- 10:15-10:40 From catheter ablation of accessory pathways to atrial fibrillation
R Hatala, Bratislava
- 10:40-11:05 The advent of imaging has changed electrophysiology
P Peichl, Prague
- 11:05-11:30 Irrigated tip technology has revolutionarized catheter ablation of complex arrhythmias
H Nakagawa, Oklahoma City
- 11:30-12:00 Coffee break
- 12:00-13:00 **Live demonstrations**
Chairs: R Čihák (Prague), H Nakagawa (Oklahoma City)
- Case 1
Catheter ablation of the left sided accessory pathway using a transseptal approach
(R Hatala, D Wichterle)
- Case 2
Catheter ablation of the left sided accessory pathway using a retrograde approach
(J Kautzner, B Aldhoon)
- 13:00-14:30 **Catheter Ablation of Ventricular Tachycardias**
Chairs: J Bytešník (Prague), F Marchlinski (Philadelphia)
- 13:00-13:30 Idiopathic ventricular tachycardias: the spectrum gets broader and broader
D Packer, Rochester
- 13:30-14:00 What we have learned ablating ventricular tachycardias in structural heart disease?
F Marchlinski, Philadelphia
- 14:00-14:30 The role of non-contact mapping in ablation of ventricular tachycardias
Y Yao, Beijing
- 14:30-15:30 Lunch
- 15:30-17:30 **Live demonstrations**
Chairs: P Neuzil (Prague), V Reddy (New York)
- Case 3
Catheter ablation of VT after myocardial infarction
(F Marchlinski, J Kautzner)
- Case 4

	Catheter ablation of idiopathic VT from outflow tract (D Packer, P Peichl)
17:30-18:00	coffee break
18:00-19:15	Catheter ablation of atrial fibrillation and other atrial arrhythmias I Chairs: D Wichterle (Prague), H Purerfelner (Linz)
18:00-18:25	Mapping during atrial fibrillation: insights for catheter ablation N de Groot, Rotterdam
18:25-18:50	The role of ganglionated plexi in atrial fibrillation H Nakagawa, Oklahoma City
18:50-19:15	CFAE menu alias how to perform a good "DECAF" M Duytschaever, Ghent
19:15-20:15	Welcome drinks
20:30-23:00	Faculty dinner

Monday, March 19, 2012

08:30-09:00	Catheter ablation of atrial fibrillation and other atrial arrhythmias II Chairs: R Čihák (Prague), Ch Piorkowski (Leipzig)
08:30-09:00	New technologies for ablation of atrial fibrillation V Reddy, New York
09:00-09:25	New concepts of intracardiac catheter navigation Ch Piorkowski, Leipzig
09:25-09:50	Follow up strategies after ablation of atrial fibrillation H Purerfelner, Linz
09:50-10:10	Coffee break
10:10-13:00	Live demonstrations Chairs: J Kautzner (Prague), H Nakagawa (Oklahoma City)
	Case 5 Catheter ablation of atrial fibrillation using novel navigation system support (C Piorkowski, P Peichl)
	Case 6 Catheter ablation of atrial tachycardia after correction for congenital heart disease (V Reddy, P Neuzil)
	Case 7 Catheter ablation of atrial tachycardia after previous ablation of atrial fibrillation (M Duytschaever, R Tavernier, D Wichterle)
13:00-14:00	lunch
14:00-15:20	Catheter ablation of atrial fibrillation and other atrial arrhythmias III Chairs: J Bytešník (Prague), N de Groot (Rotterdam)
14:00-14:30	What is the future of hybrid procedures in ablation of atrial fibrillation? M La Meir, Brussels and Maastricht
14:30-14:55	Magnetic navigation in ablation of atrial fibrillation and other atrial arrhythmias AK Pedersen, Copenhagen

14:55-15:20	The role of remote navigation in ablation of atrial flutter and other atrial tachycardias N de Groot, Rotterdam
15:20-15:40	coffee break
15:40-19:00	Live demonstrations Chairs: D Wichterle (Prague), M Duytchaever (Ghent) Case 8 Epicardial catheter ablation for inappropriate sinus tachycardia (V Reddy, P Neuzil) Case 9 Catheter ablation of ventricular tachycardia using a non-contact mapping (Y Yao, J Kautzner, P Peichl) Case 10 Catheter ablation of postincisional atrial tachycardia using magnetic navigation (A Pedersen, J Skoda, J Petru)
19:15	Departure for a social event
19:30	Get-together party at the National Technical Museum

Tuesday, March 20, 2012

08:30-09:20	Catheter ablation of atrial fibrillation and other atrial arrhythmias IV Chairs: R Čihák (Prague), B Aldhoon (Prague)
08:30-09:00	Can laser balloon change the outcome of catheter ablation for atrial fibrillation? B Schmidt, Frankfurt
09:00-09:30	Electromechanic navigation in ablation of atrial fibrillation J Kautzner, Prague
09:30-09:45	coffee break
09:45-12:45	Live demonstrations Chairs: Case 11 Catheter ablation of atrial fibrillation using laser balloon (B Schmidt, D Wichterle) Case 12 Catheter ablation of atrial fibrillation using electromechanic remote navigation (J Kautzner, P Peichl)
12:45	Adjourn J Kautzner, Prague
